TODAY!

Try Ticonium

There are times when you must want to investigate the merits of Ticonium. Do that today. Whether the restoration you have in mind is an extensive partial denture, a bite-raising appliance, a full cast base, a unilateral, or a skeleton case, use it as a means of acquainting yourself with Ticonium.

We will not at this time give you a comparison of physical properties, or a description of Ticonium's extra advantages. We have no arguments for those who claim their product is "just as good." We are just going to suggest that you make your investigation of Ticonium now. Its qualities must remain subject to your opinion.

VOLUME 11 JULY, 1942 NUMBER 7

Several Thousand Dentists Needed for Immediate Service in Armed Forces

Several thousand dentists under the age of thirty-eight are needed at once for service in the armed forces and means for immediate recruitment of this number have been provided. Dentists who indicated military service as first choice on the enrollment blank of the Procurement and Assignment Service have already received an official call. Members who thus designated their availability on that questionnaire should apply immediately to Dr. W. I. McNeil, 5 South Wabash Avenue, Chicago, State Chairman of the Procurement and Assignment Service, who will place the names before the recruiting board.

The navy has also taken steps to secure more dental personnel for its ranks. In June, Commander Emil J. Stein, senior medical officer at the Office of Naval Officer Procurement, said that the navy needs additional dentists because of the thousands of men who are being recruited daily.

"Recent rumors," he said, "that the navy is no longer accepting applications for commissions in the dental corps are without foundation. The procurement of dentists is vital to the navy now."

Commander Stein also explained that dentists from 21 to 50 years old who can pass the physical and other requirements may apply for commissions.

If the present drive to recruit physicians through the voluntary Procurement and Assignment Service fails, "some more vigorous plan will have to be produced." This was the warning issued by Paul V. McNutt, Chairman of the War Manpower Board, in an address to the annual convention of the American Medical Association.

"We are not getting enough volunteers," Administrator McNutt said. "We are not getting as many volunteers as the Procurement and Assignment Service expected we would have by this time. It is absolutely necessary that there is an immediate and significant increase in the number of volunteers, or else some other method of procurement will be required soon."

Most observers with a knowledge of the facts assumed that these remarks were not aimed as directly at the dental profession since it has consistently furnished the quotas of volunteers asked of it and since the numbers required are smaller than for medicine. The present drive for more dentists in the armed forces, however, indicates that a considerable number of dentists will be needed in the near future.

CURRENT NEWS AND COMMENT

CANCEL AUGUST MEETING OF A.D.A. IN BOSTON

The American Dental Association's 84th annual meeting, which was to be held in Boston on August 24-28, has been "postponed for the duration," according to an announcement on July 6 by President Oren A. Oliver, of Nashville. Dr. Oliver wired Joseph B. Eastman, director of the Office of Defense Transportation, that the Board of Trustees of the A.D.A. had voted the postponement—the first in the history of the Association—in accordance with the recent recommendation of ODT that large gatherings be deferred to speed war transportation.

Dr. Oliver's telegram also stated that the House of Delegates, standing committees and the Board of Trustees would meet at the Hotel Statler in St. Louis on the same dates to transact essential business. No section meetings, clinic sessions or exhibits will be held during the St. Louis meeting as the entire scientific program has been cancelled.

DENTAL REQUIREMENTS FOR SERVICE CHANGED

Dental requirements have again been lowered in mobilization regulations so that applicants can be accepted if they have a minimum of enough natural serviceable lower teeth to stabilize or support a lower partial denture. The new section on dental requirements follows:

Section VII
Dental Requirements

	Paragraph
Class 1-A	31
Class 1-B	32
Class 4	33

31. Class 1-A—a. Registrants who are well nourished, of good musculature, are free from gross dental infections, and have the following minimum requirements: (1) In the upper jaw.—Edentulous, if corrected or correctible by a full denture. (2) In the lower jaw.—A minimum of a sufficient number of natural teeth in proper position and condition to stabilize or support a partial denture which can be removed and replaced by the individual and which is retained by means of clasps, with or without rests, to stabilize or support the denture.

b. Malocclusion.—When it is evident from the individual's general physical condition and his occupation in civil life that his malocclusion has not seriously interfered with the mastication of a normal diet, provided that in the excursions of the mandible or with the mandible at rest, the teeth do not impinge upon opposing soft tissues and that the malocclusion has not resulted in secondary pathological changes.

32. Class 1-B.—Insufficient teeth to qualify for Class 1-A if the defect is correctible by artificial dentures, provided there is no evidence of extensive areas of infection with multiple abscesses, large cysts, or any other disease of the jaws or oral tissues, the correction of which would require protracted treatment.

33. Class 4.—a. Diseases of the jaws and associated structures which are irremediable, not easily remedied, or which are likely to incapacitate the individual for satisfactory performance of general or limited military duty.

b. Extensive focal infection with multiple periapical abscesses, the correction of which would require protracted hospitalization.

ANTHONY RECEIVES JARVIE MEDAL

Dr. L. Pierce Anthony, editor of the *Journal of the American Dental Association* and member of the Illinois State Dental Society, was awarded the William Jarvie Fellowship Medal by the Dental Society of the State of New York recently. The award, which was established in 1905, is presented to "a dentist who has made a distinguished contribu-

tion to the promotion of dental science or dental art." The award to Dr. Anthony comes in recognition of his many years of outstanding service to the literature of dentistry.

APPOINTMENTS TO COUNTY COMMITTEES

The following changes in the personnel of county committees, which are in charge of work under the old-age assistance program of the Division of Public Assistance of the State of Illinois, have been announced by Dr. L. H. Jacob, secretary of the state society:

Clinton County: C. S. Kurz, Carlyle, to replace H. D. Potts, Carlyle; *Union County:* C. R. Walser, Anna, to replace E. C. Kimbro, Anna; *Mercer County:* D. T. Marquis, Aledo, and G. A. Parks, Sherrard, added to committee; *Whiteside County:* William P. Rock, Sterling, and Karl E. Blanchard, Sterling, added to committee; *Lee County:* C. E. Smith, Dixon, and W. J. Worsley, Dixon, added to committee.

Jo Daviess County: F. H. Runde, Galena, to replace T. R. Ferguson, Hanover; *Stephenson County:* L. H. Matter, Freeport, and Walter T. Best, Freeport, added to committee; *Hancock County:* G. K. Fleming, Carthage, to replace LaVerne Myers, LaHarpe; *Henderson County:* R. I. Findley, Stronghurst, added to committee; *Woodford County:* Albin A. Johnson, Minonk, to replace B. A. Wilcox, Minonk; *Vermillion County:* G. H. Gauerke, Danville, and W. W. Vaught, Danville, added to committee; *Kankakee County:* L. W. Creek, Kankakee, and E. B. Croxen, Kankakee, added to committee.

ADMIRAL FOR NAVY DENTAL CORPS

Representative Carl Vinson, of Georgia, Chairman of the House of Representatives Naval Committee, on June 12 instructed representatives of the American Dental Association to draft a bill to create the rank of admiral in the medical corps of the navy, according to a recent announcement in the *Army and Navy Register*. Representatives of the Association, the article continued, wished to attach such a rider to the Selection Suspension bill, but Congressman Vinson said that inasmuch as it would be general legislation, it should be separate. He also said that he would sponsor the bill and that he would ask for recommendation from the Navy Department. A representative of the Association told the committee that the Navy Dental Corps approves of the proposed law.

Efforts to secure the rank of admiral for the highest officer of the Navy Dental Corps have been carried on under the direction of the Committee on Legislation of the American Dental Association, of which Dr. A. B. Patterson, of Joliet, is chairman.

A.M.A. REJECTS SOCIAL SECURITY LAW CHANGE

Under the present provisions of the Social Security Act, payments to professional men for services rendered to beneficiaries of the old age and dependent children programs are made directly by the client without the intervention of any county, state or federal agency. At the recent meeting of the American Medical Association a resolution was introduced into the House of Delegates asking that the association "consider having legislation initiated to provide a change in the Social Security Act so that persons rendering medical care to recipients-of-aid from any government agency may be paid directly by that agency." The resolution was not approved by the delegates.

CHICAGO GOLF OUTING TO BE HELD JULY 15

The annual outing of the Chicago Dental Society will be held on July 15 at the Westward Ho Country Club. Golf and other sports will feature the day's activities which will close with the traditional banquet in the evening.

A.M.A. ANTI-TRUST FINE UPHELD

The District of Columbia Court of Appeals on June 15 affirmed fines totalling $4,000 levied last year against the American Medical Association after conviction on charges of violating the Sherman Anti-Trust Act. Representatives of the A.M.A. said that "we are applying immediately to the Supreme Court for a writ of certiori in an effort to obtain a review of the decision."

FIRST AID CLASSES OFFERED IN CHICAGO

Members of the Chicago Dental Society are being offered an opportunity to become Red Cross First Aid Instructors through classes sponsored jointly by the Chicago Chapter of the American Red Cross and the society. Five new classes are scheduled to start in July. First Aid certificates will be given after twenty hours of instruction while those wishing to qualify as instructors must take an additional fifteen hours. The classes have been arranged by Dr. George W. Hax, Chairman of the Postgraduate Instruction Committee, and Dr. Charles W. Freeman, Chairman of the Dental Division of the Civilian Defense Committee. Applications should be directed to the Chicago Dental Society, 30 North Michigan Avenue.

A.D.A. OFFERS NEW SERIES OF ARTICLES

A new educational service has been established by the Bureau of Public Relations of the American Dental Association with the initiation this month of a new series of articles designed for publication in community newspapers. The general title of the series is "Your Dental I.Q." Articles are available in plate or mat form for the convenience of newspapers. Each article is devoted to a question and answer and to an attractive illustration coupled with some general remarks on dental health.

STANLEY W. SMITH MISSING IN ACTION

Dr. Stanley W. Smith, formerly of Sandwich, was reported as missing in action in a recent casualty list of the United States Navy. Dr. Smith, who was graduated from the Chicago College of Dental Surgery in 1928, has been in the naval service for the past six years.

DR. ELMER E. TAYLOR DIES ON JUNE 20

Dr. Elmer E. Taylor, member of the Chicago component of the state society, died on June 20 in that city at the age of 63. Dr. Taylor was a graduate of the University of Illinois, College of Dentistry, in 1906. He is survived by one daughter, Edith. Funeral services were held on June 22 with burial in Acacia Park cemetery. A more extended obituary will appear in a later issue.

PEORIA COMPONENT HOLDS ANNUAL PICNIC

The year's activities of the Peoria Dental Society were concluded last month with a picnic at Shore Acres Country Club. W. M. Peters, president, was in charge of the arrangements.

B. A. Shepherd, of Morton, was low man in the golf tournament with a score of 40 for nine holes. H. P. Maxwell, of Canton, and W. H. Hartz, of Peoria, tied for second place with scores of 45. Others with low scores were A. Applebaum, W. M. Peters, P. S. Neuwirth and E. D. Geiger.

Class A of the trap shoot was won by W. H. Hartz, with W. M. Peters and W. F. Mitchell, second and third. C. D. Hermon was the winner in Class B; F. Maurer was second and L. E. Steward, third. Honors in Class C were taken by S. B. LaDue, W. S. Peters and L. F. Tinthoff.—*E. H. Mahle, component editor.*

DIRECTORY

EXECUTIVE COUNCIL, 1942-1943: Neil D. Vedder, President, Carrollton; Frank J. Hurlstone, President-Elect, 30 North Michigan Avenue, Chicago; John W. Green, Vice-President, 805 First National Bank Building, Springfield; L. H. Jacob, Secretary-Librarian, 634 Jefferson Building, Peoria; R. W. McNulty, Treasurer, 1757 West Harrison Street, Chicago.

Directory of Members
1942-1943

The key to the symbols used in the directory of members of the Illinois State Dental Society will be found on the preceding page. A member's name is followed by his address, component society, school, year of graduation and year in which he became a member of the state society. The symbol "Chi" indicates that the address listed is in Chicago and the name of that city is not repeated in the listing.

Life members of the Illinois State Dental Society are designated by an asterisk, retired members by "Ret" and non-resident members by "Non-Res." Men in military service are denoted by a dagger. In some cases no address, or a former address, is given for members who are in military service. This is due to restrictions that have been placed on the publication of current military addresses.

This list of membership should be retained by each member since it serves as a valuable reference.

Corrections should be reported immediately to Dr. L. H. Jacob, secretary, Illinois State Dental Society, 634 Jefferson Building, Peoria.

★★★★★★★★★★★★★★★★★★

THE LETTER ABOVE HAS COME TO BE THE SYMBOL OF VICTORY IN THE PRESENT CONFLICT. IT REPRESENTS THE ULTIMATE RESULT OF SKILLFUL PRODUCTION, CONSERVATION OF MATERIALS, ACCURATE WORKMANSHIP AND A DETERMINATION TO DO THE JOB RIGHT.

RELIANCE DENTAL LABORATORY HAS LONG BEEN A SYMBOL OF THESE THINGS IN PRODUCING DENTAL RESTORATIONS TO YOUR PRESCRIPTION. FOR MANY YEARS RELIANCE HAS EARNED ITS REPUTATION BY CAREFUL, SCRUPULOUS CRAFTSMANSHIP. SEND YOUR NEXT CASE TO BOX 503, MAIN POST OFFICE, ST. LOUIS, MISSOURI.

G. REMME

IN 7 NEW-DENTURE CASES OUT OF 10

DR. WERNET'S POWDER

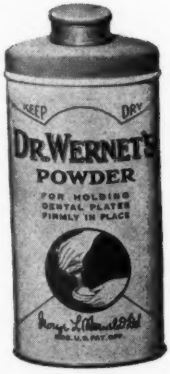
may make all the difference!

Shorten the difficult "learning" period for the majority of your patients with Dr. Wernet's powder.

To claim that without the use of Dr. Wernet's Powder a denture will be unsuccessful is of course absurd; but dentists tell us that 70% of new-denture cases develop a higher degree of security and definitely faster control through the use of this premier powder.

Admittedly those first two or three weeks while the new denture is seating itself are a make-or-break period for you and your patient both, since the latter invariably measures your work by how quickly he or she can eat and talk —and smile—with confidence. And the finest denture ever made may not survive this period unless there is proper cooperation, and a denture "help" like Dr. Wernet's Powder.

Fifty percent more viscous, 46.5% more absorbent, 26.1% whiter and purer, Dr. Wernet's Powder is as safe as it is soothing and digestible.



Write for your free supply of Dr. Wernet's Powder. Wernet Dental Mfg. Co., Dept. R-9, 190 Baldwin Ave., Jersey City, N. J.

ADAPTS THE **PATIENT** TO THE DENTURE

Why is gold used so successfully in dentistry?

Certainly not because of intrinsic value by which patients instinctively appraise the restoration. That is a "bonus feature" which merely simplifies a doctor's problem in promoting better dentistry. *Gold is used so successfully in dentistry solely because of inherent qualities,* which are ideally suited to dental application.

Can you calculate the abuse that gold restorations tolerate in mouth service year after year without deformation or fracture? Can you conceive of a serviceable substitute with elasticity and resiliency essential to minimize strain on abutments? We come back then, to that much used word "performance" which is the truth of dental gold superiority. For example!

Procast is an easily cast, lustrous gold which may be used ideally for hard inlay, fixed bridgework and partial dentures. Its physical properties are easily varied for any one of these specific applications merely by simple changes in heat treatment. Procast, $2.00 dwt., at your dealer.

FUNCTIONAL DENTURES

A FUNCTIONAL DENTURE is an upper or lower denture that will function normally and naturally in the mouth of your patient, because, during its construction we adhere strictly to the following definite denture principles:

Extension of Base-Plate to include retromolar fossa, mylohyoid and buccinator muscle areas on lower; pterygo-maxillary postdam and soft palate areas on upper.

Anatomical Set-Up, combined with artistic sense of alignment and color arrangement, creating that "natural" appearance.

Elimination of Cusp Interference in lateral excursion.

Perfect Marginal Adaptation due to correct notching, to prevent muscle interference.

Careful and Intelligent Attention to margins while finishing and polishing denture.

25 E. Washington St. Chicago

VITALLIUM

Vertical dimension restorations of Vitallium, after years of oral service, are as clean and lustrous as the day they were put into the mouth. Generally speaking, patients experience no tongue or speech interference or consciousness of the case in the mouth. There is no soreness of the natural teeth generally associated with malocclusion. Tissue under the Vitallium restorations continues firm and healthy. Vitallium is so smooth that the appliances are virtually self-cleansing and food does not accumulate around the clasps or extensions; thus, abutment teeth are preserved in a condition of vital health. Moreover, the laboratory procedure of constructing Vitallium appliances by the Microcast Process is insurance that the restorations are made in exact harmony with the prescription of the dentist.

SCIENTIFIC DENTAL LABORATORIES

Pittsfield Bldg. Chicago

Quality at Master's is not just a shop-worn phrase that we toss in when we're talking to a customer. Quality—here—means a definite high standard of workmanship that *all* Master-made restorations must achieve before delivery to you. Quality is reflected in the cases we construct by the experience, the training, the skill of our technicians . . . by the top-quality materials we use, and by the scientific equipment, apparatus and tools we work with. Substitute materials, inferior alloys and solders, untrained help have no place in this laboratory. Your assurance of Master quality is the fact that the restorations you entrust to us fit the first time, please you and your patients. For dependable laboratory service call *Master* Dental Co., 162 North State Street, Chicago. The telephone is STAte 2706.

All work under the immediate supervision of John V. Amenta, "the old MASTER."
